

# PURELL® Single Use Hand Hygiene When You Need It

General Use  
(ACTUAL SIZE)

Sterilizable  
(ACTUAL SIZE)

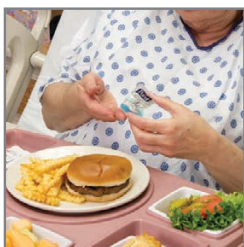

## RECOMMENDED USES

Home Health: hand hygiene for Healthcare workers and patients

Point of care and on-the-go staff use

Meal Trays: sanitizing patients before they eat their meals

Medical kits

## Single Use

PURELL® Advanced Hand Sanitizer

A unique, convenient package provides PURELL Advanced Hand Sanitizer in a single 1.2 mL, efficacious application when and where you need it. It's perfect for Healthcare Workers who are on the move, and simple for patients to use to help stop the spread of germs. PURELL Single Use packets were preferred by 74% of patients for mealtime hand hygiene, and were faster to use than a single-use wipe<sup>1</sup>.

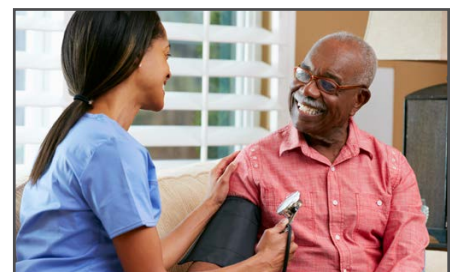

# A CONVENIENT SOLUTION FOR HAND HYGIENE COMPLIANCE

- Easy to use
- One-handed operation
- Small and compact for ideal portability
- Provides FDA-required efficacy with each use<sup>2</sup>
- Exclusive *NEW* design makes it simple for anyone to use

## A PERFECT MATCH FOR MEDICAL KITS, MEAL TRAYS AND HOME HEALTH

- Durable packaging that withstands sterilization process<sup>3</sup> – for inclusion in sterile medical kits such as:
  - IV/Central Line
  - IV Start
  - PIC Catheter
  - Cardio/Vascular Catheter
- Advantageous one hand operation for ease of use during sterile/hospital procedures, on meal trays, and for home health
- Promotes patient hand hygiene usage before meals
- Durable, on-the-go packaging that can practically fit anywhere
- A quick and easy way for healthcare workers to share hand hygiene with their patients

### Self-Dispensing Display Carton

### PURELL® Advanced Hand Sanitizer Fragrance Free Single Use Packets

- Kills 99.99% of most common germs that may cause illness
- Exceeds FDA Healthcare Personal Hand-wash requirements with just 1.1 mL of product<sup>4</sup>
- Evaporates quickly
- Most trusted and used by hospitals
- Fragrance free, dye free formulation
